Traffic Advisory: US 60 turn lanes installation starts Monday

Watch for lane restrictions, work zones

FLEMINGSBURG, Ky. – Motorists should watch for lane restrictions and work zones along US 60 in Boyd County through September as part of a Kentucky Transportation Cabinet project to install new turning lanes.

On Monday, Aug. 22, contractors will begin work at the intersection of US 60 and KY 716. Construction will continue through Sept. 30, progressing from the KY 716 location to the KY 1012, KY 766 and Big Run Landfill intersections.

While efforts are being made to keep lane restrictions short and minimize delays, motorists should be prepared for longer drive times, especially in heavy traffic, and should plan routes accordingly. Motorists are advised to slow down – speed limits will be reduced in work zones – and remain aware of workers and construction equipment.

The Transportation Cabinet has awarded a \$496,150.70 low-bid contract to Mountain Enterprises Inc. for the work.
